# DIVINITY-BOOKS,

Which have been Printed or reprinted about twenty Years past,

And Continued down to this present Year, 1657,
*Mensis Junii* 18.

Much inlarged.

*LONDON*,
Printed for JOHN ROTHWELL,
at the Fountain in Gold-Smiths
Row in *Cheapside*, 1657.

Christian Reader,

TO *satisfie the Studious, both Ministers and others, that desire to see a Catalogue of the most Approved Orthodox Books that have been printed for about twentie years past, and likewise what hath been published lately, Here is presented thee in this small Manual, the most Approved Authors (in the Judgement of them that are both Wise and Learned.) Though in some few of them some-*

thing

thing may be disputable, yet because their Practical Pieces may be of good use (being read with a Caution) I have inserted them.

I have on purpose waved the Heterodox Divinity Books, as not worth naming, which have much prejudiced the Church, and stuffed the Shops of some, to the corrupting the Heads and Hearts of those that receive not the Truth in the love of it, but are given up to believe a lye.

I have left between every Letter spaces, that thou maist add what Books come forth in the interim.

I have also put a Starre in the Margin of those that came forth latest.

If

*If this give satisfaction to those Ministers beyond the sea, and these at home, that desire some such thing, the defects in this shall be supplied, and what other choice Pieces come forth in this kiud (if God permit) shall be added*

By one that desires to be found
a Friend to the Truth,

J. R.

*Imprimatur,*

Ed. Calamy.
